## **Network Rail Section Between Birchden Junction and Eridge**

Doors will be locked on the Network Rail side of the train between Groombridge and Eridge.

## **General Notes**

Unless otherwise requested, locomotives on the rear will *not* assist the leading locomotive.

Connections at Groombridge can only be made if alighting from a down direction (towards Eridge) service.

Passengers should travel in the carriage at the Eridge end of the train for alighting at High Rocks. Please be ready to alight as soon as the train has stopped.

Do not under any circumstances alight from a moving train and only alight where there are platforms or access steps.

Alighting is not possible in Groombridge Loop.

---

The Spa Valley Railway reserves the right to make changes to the timetable or locomotive allocations for whatever reason without prior notice.

This may be due to late running, locomotive failure or otherwise. All decisions are final.

Full event updates will be found on our Facebook page.

**Our railway is run entirely by volunteers – we will not tolerate any verbal or physical abuse towards them.**
